MEXICO.**Mexico City—Typhus Fever.**

Consul Shanklin reports the occurrence of 47 cases of typhus fever with 6 deaths during the week ended April 27.

Yellow Fever at San Juan Bautista.

The American consul at Frontera reports June 16 the occurrence of 2 new cases of yellow fever at San Juan Bautista.

PHILIPPINE ISLANDS.**Manila—Quarantine Measures against Cholera and Plague.**

The chief quarantine officer reports, May 6:

CHOLERA PREVENTIVE MEASURES.

The Philippines have now been free from cases of cholera for the longest period for a number of years. Its possible recurrence, however, has not been lost sight of, and constant vigilance is exercised to prevent the introduction of the disease from without. An effort is now on foot to have the stools of all steerage passengers arriving at Manila examined to demonstrate if possible the presence or absence of cholera carriers. It is hoped to commence this work during the following weeks.
